

THE LAKE WALK

AT MISERDEN

1.8 KM - 40 MINS

1. Walk left out of the Garden car park, round the large Lime tree and follow the foot path sign pointing downhill next to the cattle grid.
2. As the road approaches an avenue of Lime trees, fork right, leaving the track and head towards the wood.
3. Cross a stone stile next to a Sycamore tree into the wood.
4. Turn right after the stone bridge and follow the path next to the stream.
5. Take care at the sluice gate at the head of the lake, especially when the water is high. Then turn right up the hill on the road.
6. Turn left at the stone pillar and continue uphill. Turn right over a wooden stile opposite a small stone shed.
7. Walk through the gate under an enormous Sycamore tree and head back to the village for a cup of tea in the Garden Café after your climb up the valley.
